5. Comment on a major accomplishment of the School Council this year.

Our major accomplishment this year was to develop a solid fundraising plan that would allow us to support Highland Heights in any areas that they needed.

6. Comment on a major area of proposed growth in the coming year.

We hope to continue to reach out and grow with the parents and community, and provide them with a platform to be heard and to be an effective communication building system between Highland Heights administrative staff, Highland Heights families and the Highland Heights community

7. Final comment(s)

We worked hard to bring new fun ideas to the table at the meetings that would support the students and teachers in these areas. Our goal was to recruit new members to the School Council and to ensure that we were supporting Highland Heights in a way that would enhance their learning experiences, as well as giving them opportunities that would strengthen their school/life experience.

8. Financial status of the School Council.
